Oklahoma City VA Health Care System

Pharmacy Residency Programs

Basic Requirements

- U.S. citizenship
- Graduate of an ACPE-accredited pharmacy program in the U.S.
- Possess an active pharmacist license or be eligible for licensure through any U.S. State Board of Pharmacy. All residents will be required to successfully complete a state board examination within 90 days of the start of the program.
- Participate in and adhere to the rules of the American Society of Health-System Pharmacists’ Resident Matching Program process.
- An on-site interview is required for all applicants.
- PGY2 applicants must have successfully completed a PGY1 pharmacy residency.

PGY1 Pharmacy Residency Program (Match # 122913)

Overview
The Oklahoma City VA Health Care System PGY1 Residency Program is a one year position (approximately July 1st through June 30th) that provides professional training in various clinical rotations, inpatient and outpatient pharmacy services, pharmacokinetic dosing, patient education and counseling, and administrative services. Clinical rotations provide the opportunity to practice in a variety of pharmacotherapy settings including (but not limited to) geriatrics, investigational drugs, ambulatory care, infectious disease, and internal medicine. Additional projects and activities throughout the year are designed to assist with the resident’s professional development as a skilled clinical pharmacist, and achievement of both the residents’ personal goals and the residency-specific goals and objectives associated with this accredited program.

Purpose Statement
This PGY1 residency program builds on Doctor of Pharmacy (Pharm.D.) education and outcomes to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions, eligible for board certification, and eligible for PGY2 pharmacy residency training. Pharmacists completing this residency will be equipped with the knowledge base and experience to provide exemplary patient-centered care in multiple practice environments. They will serve as valuable members of the health care team in achieving optimal medication therapy. They will be able to effectively and confidently communicate assessments and recommendations to interdisciplinary team members and patients. They will demonstrate skill in educating patients and health care professionals. Residents will gain experience in project management. They will be proficient in the medication use process and develop an understanding of the technology required to support this process. Residents will take ownership of their practice areas and responsibilities, and they will be able to identify and prioritize patients who may significantly benefit from their services. Residents will commit to the profession of pharmacy and demonstrate leadership through a positive professional attitude.
Requirements for Completion of Residency

In addition to successful achievement of ASHP competency areas, goals, and objectives through clinical learning experiences; residents will be required to complete and participate in all of the following:

- Major project
- Clinical Staffing (weekend)
- Medication Utilization Evaluation (MUE)
- Formal presentations (such as case presentations, journal clubs, grand rounds, poster, research seminar, etc.)
- BLS certification
- ACLS certification (optional)
- In-services
- Participation in Pharmacy Conference(s) such as ASHP Midyear Clinical Meeting, regional residency conference, or state pharmacy meetings
- Participation in local VA Committees

Practice Experiences

- Rounding with healthcare professionals
- Practice-based projects
- Pharmacy research
- Adverse drug reaction reporting
- Medication therapy management
- Education of healthcare professionals and patients
- Pharmacokinetic consultations
- Participation in departmental and committee meetings
- Drug Information
- Orientation to Investigational Drug services
- Participation in pharmacy distribution services
- Involvement in residency recruitment
- Optional teaching certificate program

Rotations

Core Rotations

- Ambulatory Care I (includes Patient Aligned Care Team (PACT) Clinics, anticoagulation clinic, and various ambulatory care clinics)
- Acute Care I and II (includes mental health, infectious diseases, internal medicine, and critical care)
- Ambulatory Care II or Acute Care III
- Geriatric Pharmacotherapy Consultation (includes Community Living Center (CLC) and Home Based Primary Care (HBPC))
Elective Rotations

The resident may select two 4-week electives, including but not limited to:

- Infectious Diseases
- Hematology/Oncology
- Mental Health (inpatient/outpatient)
- Geriatrics
- Ambulatory Care clinics
- Critical Care
- Cardiology
- Research
- Diabetes
- New experiences as available

Longitudinal Experiences

- Ambulatory Care Clinic (4 hours per week, clinic selection based on resident interest and availability)
- Pharmacy Administration
- Research Project Management
- Pharmacy Practice / Distribution Services (4-week training block followed by longitudinal weekend staffing, 2 days per month, fee-basis pharmacist salary)
- Optional Teaching Certificate Program

PGY2 Infectious Diseases Pharmacy Residency (Match # 565155)

Overview

This specialty residency program provides an opportunity to train in a variety of infectious diseases pharmacotherapy settings which include; 1) assisting with the direction of an antimicrobial management program, 2) involvement in the infectious diseases consult service, and 3) pharmaceutical care of patients with HIV and other chronic infections in the Infectious Diseases Clinic.

Residency Components

Antimicrobial Management Program

The Antimicrobial Management Program consists of approval of restricted/non-formulary antibiotics and consulting on patients at the request of a medical or surgical team. The program’s success has been documented in the literature, and is associated with a 40% decrease in antimicrobial expenditures and improvements in quality of care such as decreased length of hospital stay. Throughout the year, the resident will mature into a clinician who is capable of developing, managing, and justifying an antimicrobial management program.
Infectious Diseases Consult Service

The Infectious Diseases Consult Service provides expertise to the OU Medical Center and OKC VAMC. The resident will be an active member of the service, directly responsible for the antimicrobial pharmaceutical care provided to OKC VAMC patients being seen by the service. The resident will provide valuable antimicrobial pharmacotherapy information for the team.

Infectious Diseases Clinic

The Infectious Disease Clinic provides state-of-the-art care for approximately 200 patients with HIV, as well as patients with other chronic infections. The resident will assist the Program Director in the clinic. Together, they are responsible for all pharmaceutical care given to the patients, as well as assisting the Infectious Diseases attending physicians with such matters as the appropriate selection and monitoring of antiretroviral therapy.

Elective Rotations

Elective rotations are available in the residency. Rotations are available in the VA clinical microbiology laboratory, clinical research electives, and other potential settings.

Projects

The resident will be expected to complete at least one significant project within the residency year. Projects may include clinical research, outcomes projects, pharmacoeconomic evaluations, etc. Guidance from the program director is provided throughout the process.

Teaching Opportunities

Relationships with the two colleges of pharmacy in Oklahoma occasionally provide the resident opportunities in didactic teaching and precepting experience with Doctor of Pharmacy students on clinical rotations. PGY1 resident teaching opportunities are also available.

About the Programs

Jennifer Bird, Pharm.D., BCPS, CACP is the Residency Program Director for the Oklahoma City VA Health Care System PGY1 Residency Program. Dr. Bird received her Doctor of Pharmacy from Southwestern Oklahoma State University in Weatherford, Oklahoma in 2003. She completed a PGY1 Pharmacy Residency at the Oklahoma City VA in June 2005 and a PGY2 Ambulatory Care Pharmacy Residency at the University of Oklahoma Health Sciences Center College of Pharmacy in June 2006. In 2008, Dr. Bird developed the medical center's Anticoagulation Management Program and she continues to serve as the Anticoagulation Management Program Manager. In addition, she is responsible for the clinical management of patients in the Anticoagulation Clinic.

Chris Gentry, Pharm.D., BCPS is the Associate Chief of Pharmacy - Clinical Services and the PGY2 Infectious Diseases Pharmacy Residency Program Director. Dr. Gentry has been at the Oklahoma City VA Health Care System since 1994 following a fellowship in Infectious Diseases/Pharmacokinetics at the University of Illinois at Chicago. Dr. Gentry developed the medical center's highly-successful Antimicrobial Management Program, and is responsible for pharmaceutical care needs of patients in the Infectious Diseases Clinic.
Clinical Preceptors - Pharmacy Residency Program

Linda Arts, Pharm.D., BCPS is a Patient Aligned Care Team (PACT) Clinical Pharmacy Specialist in Primary Care at the Oklahoma City VA Health Care System. Dr. Arts received her Bachelor of Science in Pharmacy from the University of Wisconsin in 1991 and her Doctor of Pharmacy from the University of Illinois in 1998. She completed a Geriatrics Residency with an Emphasis in Ambulatory Care from the Audie Murphy VA Medical Center and University of Texas located in San Antonio, Texas in 2000. She actively holds a license as a Registered Pharmacist in the State of Wisconsin. In 2003 she obtained the credential as a Board Certified Pharmacotherapy Specialist (BCPS) (recertified 2010). Dr. Arts's responsibilities include disease state management targeting diabetes, hypertension, heart failure, COPD, and hyperlipidemia.

Jennifer Bird, Pharm.D., BCPS, CACP is the Residency Program Director for the Oklahoma City VA Health Care System PGY1 Residency Program. Dr. Bird received her Doctor of Pharmacy from Southwestern Oklahoma State University in Weatherford, Oklahoma in 2003. She completed a PGY1 Pharmacy Residency at the Oklahoma City VA in June 2005 and a PGY2 Ambulatory Care Pharmacy Residency at the University of Oklahoma Health Sciences Center College of Pharmacy in June 2006. In 2008, Dr. Bird developed the medical center’s Anticoagulation Management Program and she continues to serve as the Anticoagulation Management Program Manager. In addition, she is responsible for the clinical management of patients in the Anticoagulation Clinic.

Lisa Boisselle, Pharm.D., CGP is a Clinical Pharmacy Specialist with Home Based Primary Care (HBPC). Dr. Boisselle received her Bachelor of Science in Pharmacy in 1989 from Southwestern Oklahoma State University (SWOSU) and her Doctor of Pharmacy in 2011 from the University of Florida. She earned certification as a Consultant Pharmacist and has achieved board certification in both Geriatrics and Pharmacotherapy. Dr. Boisselle completed the VA Geriatric Scholars Program in 2014. Dr. Boisselle serves as a member of the Oklahoma City VA Cross-Sex Hormone Primary Care Team and local Falls Committees. She has served as a Geriatric Pharmacotherapy guest lecturer for the University of Oklahoma College of Medicine, and was recognized by Leaderle Pharmaceuticals in 1992 with the RHEUMATREX Innovation Award for Design Excellence. Dr. Boisselle has many years of experience precepting pharmacy students and residents on rotations, as well as serving as the primary preceptor for several key projects including research. She currently assists with PGY1 resident training in Geriatrics for the HBPC rotation. Her clinical practice and research interests are patient-focused, quality-of-life driven, and centered in an interdisciplinary team approach as they relate to geriatrics including: fall prevention, polypharmacy (conservative prescribing), quality of life in elderly veterans with history of homelessness, mental illness and medication adherence challenges, PTSD presentation in the elderly veterans, and long-standing chronic insomnia in veterans (RLS, hot flushes, pain).
Christine L. Dresel, Pharm.D. is the Inpatient Pharmacy Supervisor. Dr. Dresel received her Doctor of Pharmacy from Southwestern Oklahoma State University in May 2009. She is actively involved in the training and development of new staff, pharmacy residents, and VALOR students in a centralized pharmacy setting.

Erica Filby, Pharm.D., BCACP, CDE is a Patient Aligned Care Team (PACT) Clinical Pharmacy Specialist. Dr. Filby received her Doctor of Pharmacy in 2004 from Southwestern Oklahoma State University. She obtained her board certification in Ambulatory Care (BCACP) in 2011. As a PACT pharmacist, she is an integral part of the primary care team. She manages hypertension, diabetes, hyperlipidemia, congestive heart failure, and other chronic diseases under a scope of practice. Dr. Filby is actively involved in the clinical training of residents at the VA in Oklahoma City.

Kyle Filby, Pharm.D., BCACP serves as the Program Manager, Formulary/Pharmacoeconomist at the Oklahoma City VA. Dr. Filby received his Doctor of Pharmacy in 2004 from Southwestern Oklahoma State University. After graduating, he completed a PGY1 Pharmacy Residency at VA Southern Nevada in 2005. He obtained board certification in ambulatory care (BCACP) in 2011. Dr. Filby’s responsibilities include Formulary Management, Pharmaceconomic evaluations, Medication Use Evaluations and active participation in Pharmacy and Therapeutics Committee.

Rona Furrh, Pharm.D., BCPS is a Clinical Pharmacy Specialist in Internal Medicine at the Oklahoma City VA. She received her Doctor of Pharmacy from Southwestern Oklahoma State University in 2005. She completed her PGY1 Pharmacy Residency at the Oklahoma City VA in 2006. Following her residency, she practiced as a consultant pharmacist in the long-term care setting until returning to the VA in 2008. She joined the Internal Medicine Hospitalist Team as a clinical pharmacy specialist, which further integrated clinical pharmacy services within the acute care setting. Dr. Furrh has earned board certification in Pharmacotherapy. She serves as the Presentation Coordinator and is a preceptor for the
residency’s internal medicine rotation. She has also served as the primary mentor for numerous resident projects and presentations.

**Ruth Garrison, Pharm.D., BCACP** is a Clinical Pharmacy Specialist (CPS) in Ambulatory Care. She received her Doctor of Pharmacy from the University of Oklahoma in 2009. She completed her PGY1 Pharmacy Residency at the Oklahoma City VA and her PGY2 in Ambulatory Care at the University of Oklahoma in Tulsa, OK. She has been with the Oklahoma City VA Medical Center as a CPS since 2011. She became a Board Certified Ambulatory Care Pharmacist in 2011. She provides medication management and education to patients with diabetes, hypertension and heart failure in the pharmacotherapy clinic.

**Chris Gentry, Pharm.D., BCPS** is the Associate Chief of Pharmacy - Clinical Services and the PGY2 Infectious Diseases Pharmacy Residency Program Director. Dr. Gentry has been at the Oklahoma City VA Healthcare System since 1994 following a fellowship in Infectious Diseases/Pharmacokinetics at the University of Illinois at Chicago. Dr. Gentry developed the medical center’s highly-successful Antimicrobial Management Program, and is responsible for pharmaceutical care needs of patients in the Infectious Diseases Clinic.

**Chanda Jones, Pharm.D., BCPS** is a Clinical Pharmacy Specialist in Mental Health at the Oklahoma City VA Healthcare System (VAHCS) in Oklahoma City, Oklahoma. Dr. Jones received her Doctor of Pharmacy from Southwestern Oklahoma State University in 2002. She completed an ASHP-accredited Pharmacy Practice Residency the following year at Alegent Health Bergan Mercy Medical Center and Creighton University. She became a Board Certified Pharmacotherapy Specialist in 2005. She currently practices in both the acute care inpatient mental health unit and the outpatient ambulatory care mental health clinic at the Oklahoma City VAHCS. Additionally, she is involved with the Outpatient Pain Rehabilitation Program and the National VA Psychotropic Drug Safety Initiative, and serves on the Pain Board and the Disruptive Behavioral Committee. Dr. Jones is actively involved in the training of residents at the Oklahoma City VAHCS.
Marcenia Knight, Pharm.D., BCPS is a Clinical Pharmacist working as a Research Pharmacist. She received her Bachelor of Science in Biology from Oklahoma City University, Bachelor of Science in Pharmacy from Southwestern Oklahoma State University, and Doctor of Pharmacy from the University of Oklahoma Health Science Center. In 1998, she completed a Pharmacy Practice Residency at Integris Baptist Medical Center in Oklahoma City. She manages the Investigational Drug Service’s integrated activities such as clinical, safety, informatics, administrative, and drug distribution systems of the department to optimize study drug therapy; ensuring safe and effective medication use for patients enrolled in research studies. She became a Board Certified Pharmacotherapy Specialist in 2012.

Todd Marcy, Pharm.D., BCPS, CDE, CACP is a Patient Aligned Care Team (PACT) Clinical Pharmacy Specialist. He received his Doctor of Pharmacy from the University of Oklahoma College of Pharmacy in 2002. He completed a PGY1 Pharmacy Practice Residency at the Claremore (OK) Indian Hospital in 2003 and a PGY2 Residency in Primary Care in 2004 at the University of Oklahoma College of Pharmacy. He served as Assistant and then Associate Professor at the University of Oklahoma College of Pharmacy from 2004 until 2016. He was joined the Oklahoma City VA Healthcare System as a PACT Pharmacist in 2016 and serves patients there primarily in the areas of diabetes, dyslipidemia, and hypertension.

Amanda Roach, Pharm.D., is a Clinical Pharmacist in Performance Improvement at the Oklahoma City VA. She received her Doctor of Pharmacy from the University of Oklahoma College of Pharmacy in 2014. She completed a PGY1 Pharmacy Residency at INTEGRIS Baptist Medical Center in 2015. Her responsibilities include reviewing all reported adverse drug events and entering events into the VA Adverse Drug Event Reporting System, conducting medication use evaluation reviews, and assisting in the review of non-formulary drug requests. She also chairs the Performance Improvement Subcommittee, which is responsible for overseeing the medical center’s compliance with all Joint Commission medication management standards.

Susan Rourke-Webb, Pharm.D. BCPS, CCGP is board certified in Geriatrics. Dr. Rourke-Webb received her Doctor of Pharmacy from the University of Florida in Gainesville, Florida in 1997. She completed a PGY1 Residency Program in Geriatrics at North Florida/South Georgia VA in Gainesville, Florida in 2010. Dr. Rourke-Webb has worked as a clinical pharmacist in the hospital setting and as a consultant pharmacist in nursing homes. She is currently working on the palliative outpatient consultative team and with the outpatient geriatric clinic at the VA Oklahoma Medical Center.
Cindra Shangreau, D.Ph. is a Geriatric Clinical Pharmacy Specialist with the Community Living Center (CLC) and Palliative Care Unit (PCU) at the Oklahoma City VA. Her primary responsibilities include engaging in pharmacotherapy reviews, medication therapy recommendations, initiation and management of drug therapy at provider request, pharmacokinetic drug monitoring and management, anticoagulation therapy management, focused adverse drug effect reviews, and education and counseling. Dr. Shangreau received her B.S. in Pharmacy from Southwestern Oklahoma State University in 1979. Dr. Shangreau was previously the senior lead pharmacist in inpatient anticoagulation and discharge medication reconciliation at the VA Western New York Health Care System in Buffalo, NY.

Lauren Snodgrass, Pharm.D., BCACP is a Board Certified Ambulatory Care Pharmacist serving as an Ambulatory Care Clinical Pharmacy Specialist at the Oklahoma City VA Health Care System, with primary practice responsibilities in the management of diabetes, lipids, and hypertension. She also has experience in anticoagulation management and smoking cessation. Dr. Snodgrass received her Bachelor's degree in Microbiology from the University of Oklahoma and Doctor of Pharmacy from the University of Oklahoma Health Sciences Center. She completed her post-doctoral pharmacy residency training (PGY1 & PGY2 in Ambulatory Care) at the North Texas VA Health Care System in Dallas, Texas. Following residency training, she practiced for 6 years as an Ambulatory Care Clinical Pharmacist at the Dole VA Medical Center in Wichita, Kansas. In addition to clinic duties, her responsibilities included teaching patient education classes, precepting pharmacy students, serving on the local & regional pharmacoeconomic committees, leading Shared Medical Appointments, and contributing to the Employee Wellness and Health Education Committees.

Nadine Ta, Pharm.D. is a Clinical Pharmacist with practice responsibilities in Oncology and Home Base Primary Care (HBPC) at the Oklahoma City VAHCS. Dr. Ta received her Doctor of Pharmacy Degree from Southwestern Oklahoma State University in 2001. She joined the VA in 2007 and served as an Inpatient Pharmacy Supervisor from 2008-2013. Currently, Dr. Ta is involved with Inpatient IV/Admixture Service providing pharmaceutical care for oncology patients in the Outpatient Infusion Clinic, as well as patients admitted to the hospital and the Emergency Department. Dr. Ta is also a team member of the HBPC service and provides comprehensive pharmacotherapy reviews. She obtained her board certification in geriatrics in 2015.

Rick Thornhill, D.Ph. is the lead Clinical Pharmacist in Oncology and has over 15 years of experience with the Oklahoma City VA. Dr. Thornhill earned a Bachelor of Science in Microbiology and Immunology and a Bachelor of Arts in English Literature, both from the University of Mississippi. He earned his Bachelor of Science in Pharmacy in 1986 from
McWhorter School of Pharmacy at Samford University. In 1992 he earned his Nuclear Pharmacy License with Syncor International Corporation and Butler University. In 2008, Dr. Thornhill integrated clinical pharmacy services into the Outpatient Infusion Clinic and is a member of the Oklahoma City VA Tumor Review Board.

**Avery Wight, Pharm.D., BCACP, CACP, CDE** is a Patient Aligned Care Team (PACT) Clinical Pharmacy Specialist. Dr. Wight earned his B.S. in Management Information Systems from the Price College of Business in 2004 and his Doctor of Pharmacy in 2011, both from the University of Oklahoma. He completed his PGY1 Pharmacy Residency training at the Oklahoma City Veteran Affairs Medical Center and PGY2 Ambulatory Care Pharmacy Residency from the University Of Oklahoma College Of Pharmacy in Oklahoma City. Dr. Wight is Board Certified in Ambulatory Care Pharmacy, a Certified Diabetes Educator and a Certified Anticoagulation Care Provider. He serves on the Pain Board and Pain Committee, educates patients involving Naloxone and Hepatitis C treatment and is a preceptor of residents and students.

**Riley J. Williams II, Pharm.D., BCPS** is a Clinical Pharmacy Specialist in Critical Care/Infectious Diseases. Dr. Williams received his Doctor of Pharmacy from the Lake Erie College of Osteopathic Medicine (LECOM) School of Pharmacy in 2012. He completed an ASHP-accredited PGY1 Pharmacy Residency at Palm Beach Atlantic University - Gregory School of Pharmacy in West Palm Beach, FL and a PGY2 Infectious Diseases Pharmacy Residency at the Oklahoma City VA Medical Center. He earned board certification as a pharmacotherapy specialist in 2014. Dr. Williams’s responsibilities include daily rounds with the medical intensive care team in the MICU, providing pharmacotherapy recommendations and management for patients in the surgical and cardiovascular ICUs, and precepting in the PGY1 and PGY2 Infectious Diseases residencies.
Residents - Pharmacy Residency Program

2017-2018 Pharmacy Residents

Dumitru Sirbu (PGY1), Hanifah Davis (PGY1), Phuong Nguyen (PGY2)
2016-2017 Pharmacy Residents

Left to Right:
Kate Lutke (PGY1), Scott Mirgeler (PGY1), Stephanie Giancola (PGY2)
2015-2016 Pharmacy Residents

Left to Right:
Marie Ngan (PGY1), Jennifer Tieu (PGY2), Phuong Kim Abbott (PGY1)
2014-2015 Pharmacy Residents

Left to Right: Angela Mechelay (PGY1), Yvonne Lai (PGY1)

2013-2014 Pharmacy Residents

Christine Castro (PGY1), Hugh Ngo (PGY1), Riley Williams (PGY2)

2012-2013 Pharmacy Residents

Crystal Luong (PGY1), Thanh-Nga Nguyen (PGY1), Ann Nguyen (PGY2)

2011-2012 Pharmacy Residents

Ann Nguyen (PGY1), Avery Wight (PGY1)

2010-2011 Pharmacy Residents
Frank Lee Boyd (PGY1), Krista Brooks (PGY1), Jenny Chen (PGY2)

2009-2010 Pharmacy Residents
Ruth Garrison (PGY1), Jana Shults (PGY1), Russell Benefield (PGY2)

2008-2009 Pharmacy Residents
Mattea Tate (PGY1), Jessica Thompson (PGY2)

2007-2008 Pharmacy Residents
Heather Kreutz (PGY1), Teresa Nguyen-Truong (PGY1), Quentin Minson (PGY2)

2006-2007 Pharmacy Residents
Janet Pelzel Adams (PGY1)

2005-2006 Pharmacy Residents
Rona Furrh (PGY1), Kristin Busse (PGY2)

2004-2005 Pharmacy Residents
Jennifer Bird (PGY1), Anthony Davis (PGY1), Eric Flaming (PGY2)

2003-2004 Pharmacy Residents
Melissa Gwartney (PGY1), Teresa Lewis (PGY1), Edgar Rios (PGY2)

2002-2003 Pharmacy Residents
Sarah Elizabeth Cobb (PGY1), Erin Callen (PGY2)

2001-2002 Pharmacy Residents
Jamie Winner (PGY2)

2000-2001 Pharmacy Residents
Tammy Breznitsky (PGY2)

1998-1999 Pharmacy Residents
Helen Brantley (PGY2)
